

# European - United States Defence Expenditure in 2008

---

## Brussels, December 2009

The EDA has compared its data on European defence expenditure with United States defence spending in 2008. The data show that the US spent €454 Billion on defence in 2008, two point two times more than the €200 billion spent in Europe.

European data represent spending by the 26 EDA participating Member States. US data are based on public sources, mainly US Government publications.
